

WHO CARES?

Kent Howerton, factory rider. *"No motocross fan will ever complain about how much noise I make or how fast I go. But let me pull that kind of stuff out on the trail some weekend and, bam!...another black eye for motorcyclists. So when I ride for fun, I make sure my muffler's working right. And I ride at a speed that lets us all have a good time."*

RIDE AWARE. SHOW YOU CARE.
